EUGENIX P.S.A. SHARE HOLDERS

To be announced.

1. Eugenix P.S.A a simple stock company of the only indigenous arctic climate ethnic tribal group by the name of Arcticus Blancus of natural white arctic hair has declare that unwillingness of the parties of the Antarctic Treaty in lieu of all available scientific evidence of human kind technological abilities to fix the earth's climate has decided to take back the power of word of God over the earth some in relationship to the critical matters be the ownership of the Arctic and the Antarctic natural indigenous territories that have been in the possession of the Arcticus Blancus ethnic tribes as long as other parts of the earth has been in hands of other tribal ethnicities.

2. All parties and non-parties to the Antarctic Treaty holding any territories from the 62°45'' South to 90° South and all partes and non-parties to the Antarctic treaty and any Arctic Treaties holding any territories from the 62°45'' North to 90° North are asked to accept few facts from the Arcticus Blancus tribes.

3. Firstly, that God is a force that cannot be stopped it can only be redirected. God has a perfect plan to return all indigenous inhabitants their natural climatic territories and resources starting with the Arcticus Blancus natural territories from the 62°45'' North to 90° North and from the 62°45'' South to 90° South. Arcticus Blancus tribes are near extinction. God knows that people do not live on their natural territories, and he is not happy about it.

4. Restoration of world peace and global climate repair is more likely possible if the Arcticus Blancus tribes are placed in charge of all its Arctic and Antarctic territories and are allowed to control it natural resources including fish and wildlife. Arcticus Blancus tribes are predisposed beyond understanding to the Arctic and Antarctic climate and it was Gods idea to predisposed other tribes to other climates as he has other work for them in other climates that require other predispositions.

5. No life form on earth is biologically versatile enough to live anywhere on earth permanently besides bacteria's and viruses. Trying to make healthier humans by mixing naturally different phenotypes-genotypes is eugenics and genocide.

6. People are naturally predisposed to different natural climatic environment as you about to understand a lot of the work related to fixing of the climate requires a dedication to different environment to develop natural ability to work in specific climate as a lot of the work related to climate

repair has to be done using resources around the world in different climates and one single ethnic group cannot do it due to millions of years of climatic instability that prevented the humans from being unified non-climatic species able to cope without damage to own phenotype anywhere on earth.

7. Arcticus Blancus tribal groups are the indigenous people of white arctic hair that are in danger of the extinction in all its natural territories even in Greenland, Scandinavia and Russia as other nonindigenous tribes have claimed Arctic territories with force. Arctic heritage is only one and only white.

8. Post Roman states have colonized almost the entire world not giving any land to natural tribes in their natural indigenous climatic domiciles and continue a genocide of all heritage of all natural indigenous tribal groups encountered. Why it is a felonious crime to bring and or to remove a native fruit from its native habitat to foreign habitat and not a crime to take over all land and control of other less violent or advance indigenous ethnic group?

9. All foreign States and Companies that will the States in need of water that will be distributed in the accordance with Eugenix P.S.A. Business and Investment Plan will benefit if they do business to benefit the climate and natural environment and natural climatic ethnic groups of places where they do business. Large multinational and multiethnic states should reform own private companies if appropriate and beneficial to the natural world and human ethnicity in a way that allows to focus its human resource abilities on ethnic profits and matters rather than general shareholder's profit.

10. Here is a short list of changes that would have to be enacted to "Make Earth Great Again". Full list of all changes including the timeline of changes on specific territories listed in this proposal and the amount of work that would have to be done by the Eugenix P.S.A shareholders which are foreign states and corporations that would extract ice to benefit states with supply of drinking water will be provided upon availability of funded request.

A. Antarctic Treaty of 1st of December 1959 and Ownership of Greenland must be annex and or replaced to transfer all the rights to the Arcticus Blancus that with Eugenix P.S.A have a specific plan to fix earth's protective magnetic field in the Antarctic and Arctic regions. The plan is so large that will convert part of the Arctic and Antarctic to Geomagnetic Antarctic and

Arctic Deep Field Dams located in the center of the Antarctic polar region and the center of the Arctic polar region.

B. Arcticus Blancus is earths only natural tribal group predisposed to polar cosmic radiation making their bodies indigenous only to Arctic and Antarctic regions, making the Arctic and Antarctic regions the habitat their bodies prefer. Other climatic regions are too high in UV radiation and will cause Arcticus Blancus cancer and other heat and UV based problems. Polar regions are dangerous climates and repairs must eventually start. The climatic origin of human sub climatic species is explained in Eugenix paper titled Eugenix® Classification of Sub Climatic Tribes.

C. Arcticus Blancus tribal group's goal is preservation of all energy resources from the Arctic and the Antarctic for the purpose of providing energy to all Antarctic and Arctic Geomagnetic Dams construction and Polar Ice Removal Operations and will consist of extraction of approximately 10,000,000 km³ of ice from the Antarctic. Details related to geomagnetic field interference presented in the Eugenix paper titled Eugenix® Theory of Geomagnetic Deep Field Interference.

D. All other resources such as nuclear metals, construction metals, rear earth metals, electric and electronic metals and other metallic and non metallic materials will only be used for the purpose of Antarctic and Arctic Geomagnetic Dams that might require all of the steel and rocks that the Arctic and Antarctic holds above and below sea level, therefore only Arcticus Blancus should have rights to control all natural resources of the Arctic and Antarctic.

E. Any energy given to the Eugenix P.S.A shareholders for the purpose of Polar Ice Extraction and Polar Ice Marine Fleet Operations will be given on credit base that will be due back to return once the climate is better and states borrowed energy to transport ice have the equivalent energy available to be returned to Arcticus Blancus for the purpose of the Geomagnetic Deep Field Dams Construction that will be designed, built, managed, and controlled by the Arcticus Blancus tribal groups with technology and cooperation provided by other ethnic groups around the world.

F. All Eugenix P.S.A shareholders that will be removing ice from the Antarctic will have to have own heavy duty machines design for ice removal and delivery of frozen drinkable water to own indigenous territories. Today magnetic field travels from North to South that is why 61% of all earths fresh water is in the Antarctic. Magnetic field natural property is to carry hydrogen contained water along magnetic field lines that due to dark and cold polar regions fall and become ice.

G. Arcticus Blancus to finance the Construction of Geomagnetic Field Dams has issues 100,000 shares of Eugenix P.S.A. each share worth 100km³ of ice and costs 1 milion ounces of gold Au 99.999%. More details on the share pricing and sharer distribution in the Eugenix P.S.A paper titled Eugenix® Business Plan and Investment Opportunity Eugenix P.S.A. has also place other taxes to all entities removing frozen water from the Antarctic to finance critical geomagnetic research, and all polar operations supervision and safety as set below:

1. Eugenix P.S.A shares will cover the cost of the Construction of the Geomagnetic Dams that will be sold to all entities taking interests in the extraction of frozen water to benefit the supply of water in own states.
2. Single tax will be placed on all explosives used to extract the ice. Eugenix P.S.A will use those funds to cover the cost of any Physics research related to the Geomagnetic Dams. All entities will be allowed to use own explosive that meet all enacted and future International Chemical Standards and Conventions set to keep all explosives safe to water and biological forms affected using those explosives. Entities not using explosives to gain access to and remove ice will pay lower tax rate. Tax rate will be set by Eugenix P.S.A.
3. A non-mandatory insurance fee will be placed on all entities extracting the ice from the Antarctic that allow the Arcticus Blancus to construct urgent care medical facilities to handle life threatening situations and accidents that emerge from work in the Antarctic region that require immediate hospitalization in the Antarctic. This non-mandatory insurance fee, however, will not waive any entity working in the Antarctic from responsibility and obligation to provide all its personnel and visitors appropriate safety

and lifesaving capabilities until Arcticus Blancus has opened such urgent care hospitalizations facilities. Entities will also be allowed to place own medical facilities and vehicles. The cost of insurance will be set by Eugenix P.S.A.

4. Eugenix P.S.A also requires all entities setting any permanent infrastructure in the Antarctic a purchase of refundable “Infrastructure Decommission Bonds” for all placed infrastructure that will cover any unforeseen decommissions of any abandoned infrastructures left by any entities that lost ability to continue its operation or operations have been stopped permanently due to other reason without removal or intention to remove infrastructure set by entity that left the Antarctic Ice Removal Program.

11. Arcticus Blancus ethnic groups do not have any known formal tribal organization that can represent the interest of all Arcticus Blancus ethnicity. This Annex will allow the Arcticus Blancus to save its endangered ethnicity and restore the climate. I ask that you support the Annex to the Antarctic Treaty and purchase shares from of Eugenix P.S.A. that is a water of life for your own ethnicity for many generations that will finance permanent repair of earth climate in both polar regions.
