20 *Summative Ethnic Hair Quantum*. (Applies to Arctic and Antarctic)  
21 c. Memberships and associations with *Ethnic Unions* for large and long-term contracts.  
22 (Applies to Arctic and Antarctic)  
23 2. RULES FOR THE SELECTION OF THE SUPPLIERS OF ALL MACHINERY AND  
24 TECHNOLOGY FOR THE ARCTIC AND ANTARCTIC GEOMAGNETIC DAMS  
25 CONSTRUCTION IN CANADA, GREENLAND, ARCTIC CIRCLE, ANTARCTIC CIRCLE  
26 (ALL TYPES OF SUPPLIES AND TECHNOLOGY)  
27 a. Supplier *Key Shareholders Ethnicity* and their *Martial Homoethnic Relationship Status*.  
28 b. Supplier *Ethnic Summative Workforce* presence.  
29 c. Supplier ownership rights to all patents and technology present in the products offered.  
30 d. Eugenix® P.S.A. rights to purchase shares of the supplier.

- 31 e. Supplier ability and will to actively modify supplies and production processes to fit  
32 evolving operations.
- 33 f. Supplier guarantees to provide all parts, components, service and repair to all product  
34 offered.
- 35 g. Supplier guarantees to provide a full price for all parts, components, service and repair  
36 tasks with each new product offered prior purchase.
- 37 h. Eugenix® P.S.A. Rights to supply raw materials to supplier production facilities for the  
38 purpose of faster production and faster delivery of the supplies ordered.
- 39 i. Eugenix® P.S.A. Rights to supply own skilled ethnic labor to supplier production facilities  
40 for the purpose of faster production and faster delivery of the supplies ordered
- 41 j. Eugenix® P.S.A. Rights to produce parts, components, complete supplies, service and  
42 repair tasks for supplies ordered with the use of own raw material, skilled ethnic labor, and  
43 own production facilities for the purpose of faster production and faster delivery of the  
44 supplies ordered, development of own ethnic workforce, development of independent and  
45 unattached production abilities on own ethnic territories.
- 46 3. RULES FOR THE ICE SHARES HOLDERS OF THE ANTARCTIC ICE REMOVAL  
47 PROGRAM IN THE ANTARCTIC. (FOR ALL SHAREHOLDERS OF EUGENIX P.S.A. ICE  
48 REMOVAL PROGRAM)
- 49 a. Ice shareholders have right to build own maritime fleet of nuclear, natural gas, hydrogen,  
50 or other power pull and pusher tugs for ice transport from Antarctic ice removal area.
- 51 b. Ice shareholders have right to build own maritime and land fleet of nuclear, natural gas,  
52 hydrogen or other power ice cutting-mining machinery.
- 53 c. The technology that shares holders use can be their own proprietary technology but can  
54 also be leased and or purchased in any part and in whole from any vendor that produces its  
55 technology with standards in materials quality, assembly, safety required to operate in the  
56 international waters and states of origin and destination.
- 57 d. Ice shareholders are allowed to hire own state contractors from predisposed and non-  
58 predisposed ethnicities to work in hazardous Antarctic area only if all individual  
59 employees of contracted entity understand that any amount of regular work in the polar  
60 areas causes permanent genetic damage e.g. “Gene shredding”, that permanently disables  
61 ability to reproduce rafaltic-aquatic climatic phenotype by damaging cells and tissues  
62 nonactive genetic abilities to allow habitants for survival in the polar climate.

- e. Ice shareholders fleet operation in the Antarctic zone can be designed to be automated or operated by the Eugenix® P.S.A. Arcticus Blancus predisposed ethnic workforce and with its genetically predisposed to polar climate contractors.
