6 **SHAREHOLDERS MANDATORY REQUIREMENTS**
7 **FOR FULL SHARES ACQUISITION RIGHTS**

8

9

10

11 1. Eugenix P.S.A. is a company dedicated to the Arcticus Blancus a homo-indigenous homo-genous
12 ethnic-climatic group of the polar climate. Eugenix P.S.A. feels obligated by higher authority to require its
13 shareholders to support indigenous rights of all climatic ethnicities thru international forums such as United
14 Nations and thru domestic means of own democracy and other legal systems.

15

16 2. Eugenix P.S.A. feels that to secure future of all indigenous groups around the world it will be
17 necessary and required that each state purchasing shares from Eugenix P.S.A. for the benefit of own
18 indigenous populations as described in the *Eugenix® Business Plan and Investment Opportunity EN* and
19 in the *Eugenix® Shareholders Indigenous and Coindigenous Ethnic Employment Guarantees and Limits*
20 co-petitions UN and enables domestic legislatures that restore indigenous rights and protections thru the
21 following proposals:

22

23 **1) Limited Tax Responsibility of Indigenous Ethnic Groups.**

24

25 3. All state individual homoindigenous, homogenous, homozygous, homotriachial, homoclimatic,
26 homotribal should not be held responsible for costs of health care covered by those groups common
27 financial contributions that are the results of the genetic health issues of hetroindigenous offspring.
28 Therefore, states should develop a distinct health care system that protects homoindigenous healthcare
29 contribution system protecting all groups from paying for others responsibility.

30

31 **2) Development of Indigenous Ethnic Health Care.**

32

33 4. All states (shareholders) should establish ethnic health care system that help all homoindigenous,
34 homogenous, homozygous, homotriachial, homoclimatic, homotribal, homoethnic and heteroindigenous,
35 heterogenous, heterozygous, heterotriachial, heteroclimatic, heterotribal, heteroethnic persons with all
36 ethnic health needs especially to obtain marriage recommendations and test its genetic health
37 predispositions with intentions to protect its offspring from genetic disorders and associated pain, suffering
38 and financial hardships as provided by UN A/RES/260/III, UN A/RES/61/295, and other measures.

39

40 **3) Protection of Indigenous Ethnic Procreation.**

41

42 5. All states (shareholders) should set laws that prohibit marriage-based privileges to
43 heteroindigenous, heterogenous, heterozygous, heterotriachial, heteroclimatic, heterotribal, heteroethnic,
44 couples that cause genocide of endangered ethnic minorities that struggle to sustain its population by lack
45 of protective measures that restrict issuance of legal support to endangered minorities such as Arcticus
46 Blancus only to homo-ethnic marriages within members of such endangered groups allowing with such
47 measures to sustain endangered groups to population number above Minimal Vital Population MVP.

48

49 **4) Prohibition of Inter-Ethnic pornography.**

50

51 6. All states (shareholders) should support the ban of all interracial pornography by the prohibition of
52 all pornography on all TLD domain and prohibition of all heteroindigenous, heterogenous, heterozygous,
53 heterotriachial, heteroclimatic, heterotribal, heteroethnic pornography on all ccTLD domains as described
54 in the Eugenix® EU Antipornography Petition.

55

56 **5) Protection of Indigenous Ethnic Heritage.**

57

58 7. All states (shareholders) will have to introduce a judicial-administrative system of Indigenous
59 Ethnic Heritage Protection that is available to all citizens and visitors based on developed by eugenix ethnic
60 heritage protection forms that are designed to protect indigenous and semi-indigenous persons from

61 unexpected non-indigenous relationships that lead to intimacy, sex and marriage often due to social bullied,
62 cultural wars, neurobiochemical predation, intimate starvation, and religious interference and other reasons.
63

64 8. Prepared forms available for minors and adults can be downloaded from www.eugenix.org Forms
65 allow also to reserve own education and other activities in accordance with indigenous protection laws set
66 in United Nations resolution A/61/295 that allows for such indigenous protections. Shareholders can also
67 refer to the publication titled *Eugenix® Arctic Climatic Ethnic Heritage Protection* together with the
68 *Eugenix® Ethnic Indigenous and Tribal Heritage Personal Protection Order For Adults EN* and *Eugenix®*
69 *Ethnic Indigenous and Tribal Heritage Personal Protection Order For Minors EN*.

70

71 **6) Protection of Ethnic Indigenous Territories and Species.**

72

73 9. All states shareholders must introduce measures that are intended to preserve and protect majority
74 of its indigenous territories and indigenous species. Shareholders must also prohibit breeding of crossed
75 species of farm animals used for dairy and other purposes.

76

77 10 Shareholders must introduce programs that return arctic and subarctic climate indigenous species
78 mainly animals to the arctic and subarctic indigenous climate. Shareholders will also have to introduce as
79 soon as possible homo-zygous breeding program that prevents indigenous arctic and sub-arctic species
80 mainly animals from crossing of their homo-genous phenotype that should also include programs to bring
81 already crossed-genous arctic and subarctic indigenous species mainly animals to their natural homo-
82 genous state. *Arcticus Blancus* will try to purchase up to 100% of arctic and subarctic species to be returned
83 to the arctic and subarctic territory with intention to stop indigenous arctic and subarctic species breeding
84 outside of the indigenous arctic and subarctic territories.

85

86 11. Shareholders should start with complete and adequate statistics over human breaded species on their
87 territory such as cows, bulls, sheep, chickens, pigs, etc. Animals and plants are indigenous spirits deeply
88 connected with own indigenous territories that when mix lose their sense and are unable to support
89 connections of human indigenous groups with their indigenous nature.

91 12. Shareholders must also introduce programs that research own indigenous plants ecosystems to
92 preserve their own native habitats and to understand how to grow own indigenous plants commonly
93 grown for food to preserve plants abilities to produce nutritional and other micro and macro elements
94 that in common traditional farming are not preserves which places most important human consumed plants
95 and ecosystems at risk of extinction. Shareholders can read Eugenix publication titled *Eugenix®*
96 *Indigenous Botany - Plants and Lands Protection Program* for more information and viewpoints.
97

98 7) Other Measures.

99

100 13. All states should support proposed by the Eugenix P.S.A. petitions thru annexation of relevant
101 United Nation laws corresponding to below listed petitions:

102

103 a. Eugenix® UN Resolution ARES260III Annex Petition.
104 b. Eugenix® UN Antarctic Treaty Annex Petition.
105 c. Eugenix® EU Antipornography Petition.

106

107 14. Eugenix P.S.A. will issue shares and conduct business only with states that have enabled above
108 listed or similar measures in states of own legal system and proposed above listed or enacted domestically
109 similar measures to the United Nations.
